

Mustangs On The Move Incorporated

By-Law: Membership Death of a Member

In the event of a death of the Member or Spouse/partner MOTM will transfer Membership to an immediate family member upon their request.

The proposed Member will fill out a Membership Form, but no fee is required.

Once the change of Membership is processed by the Secretary, new MR334 and Log Book/s will be issued (on cancellation of the 'current Log Book')

The new Member will retain the original Membership number, with a note added to the Membership file.

There will be no charge for the change of Membership, initial MR334 and Log Book/s. Members will then fulfil requirements regarding ongoing fees, additional Log Books etc.

The Club notes that Registration is not proof of ownership, if evidence is provided that the original Member left different instructions regarding the vehicle/s, the Club will cancel the changed Membership and notify DPTI. The Committee will consider the changes and assist in relation to the instructions of the original Member.
